

As the Spring season ushers in I'm sure there is much anticipation for the upcoming Spring Break! But before the fun, there are important dates and course selections to ponder in the month of March. If you are intending to drop a course(s) or submit a Grade Substitution application, pay attention to the deadlines! There are workshops available through the Student of Success Center to help guide your decision. March is the beginning of Phase I Registration, so begin thinking about possible schedules for Summer and Fall 2019 and prepare to attend a group advisement session as well as to meet with your assigned faculty mentor.

Freshmen Forgiveness (Grade Substitution)

First-time freshmen students who receive a grade of *D* or *F* in a course within their first two terms in residence (first three terms for those who begin in the Freshman Summer) are eligible to repeat the course and have the original grade excluded from the GPA computation. An application is required to process this.
